**APPRENTi**
Paving the path for talent in tech.

Apprenti PGH is Filling the Tech Talent Gap in Pittsburgh

Want to jumpstart your career in tech?

Apprenti PGH is actively recruiting individuals with an interest in tech, regardless of educational or professional background.

Learn more and to apply at apprenticareers.org

▶ **The Apprenti PGH Process**

Take the assessment	Interview with staff & hiring partner	Take part in tech training and OJT
The assessment is divided into 3 sections, math, critical thinking and logic, and soft skills	Consists of phone screen, in-person staff interview, and employer interview	Complete 14 weeks of software bootcamp training and 2000 hours of on the job training as an apprentice

GET PAID STARTING FROM DAY 1

✓ You will be hired by an employer as an apprentice before bootcamp training begins.

✓ First, you will attend classroom training, lasting 14 weeks, to be a software analyst at either:

Academy PGH 744 E Warrington Ave, Pittsburgh, PA 15210

Tech Elevator 901 Pennsylvania Ave #3a, Pittsburgh, PA 15233

✓ Following the bootcamp, you will complete 2000 hours of on-the-job training that includes mentorship.

✓ Your wages will increase throughout the program, with a median wage during apprenticeship of $40,200 and retained at the end of the apprenticeship program as an entry level Software Analyst with a median salary of $67,000.

▶ **Contact us today to learn how you can be a part of the first cohort starting in September 2021**
